TATTON TV & FILM

We're the new kids on the block but have been around for centuries.

Located on the family-owned Tatton Estate in Cheshire, Tatton TV & Film manages the Estate's growing studio complex and workspaces at Tatton Studios, and has the keys to the Estate's 6,000+ acres of unique locations. All of this, just south of Manchester, the UK's fastest growing city. And that's not all – we also have a whole portfolio of international and UK-wide locations, beyond the Estate.

We've been meeting the needs of dramas, feature films, soaps and series' for the past 5 years, and we suppose we've got room for another one or two...

1 INTRODUCTION

We could tell you about the feature film we let blow up a field, we could tell you about the cows we supplied for the zombie apocalypse and we could tell you about the production office that's haunted by a friendly ghost, but that's another story for another time. You want to know that we are a one-stop shop for all of your production needs. Whether you need a studio, a greenscreen, a location facilitator, a farm, a private road or a stately home get in touch. It's rare we have to say we can't help!

Come and take a look around the studios and bring your dog. Those footpaths beyond the gates won't walk themselves!

If it's locations you're after, then give us an afternoon to take you on the tour in the famous red Landy. And we'll even supply the chocolate Hobnobs.

We've got a lot going on and so has the industry. Let's get creating together.

2 THE STUDIOS

Just 30 minutes from Media City, set in the rural idyll of Ashley are Tatton Studios, our studio complex. Sitting pretty next to Ashley Hall, you'll find us towards the north of the Estate. And if you fancy playing Lord and Lady then the Hall is available as a particularly grand production office. Previous tenants include the BBC and Oliver Cromwell.

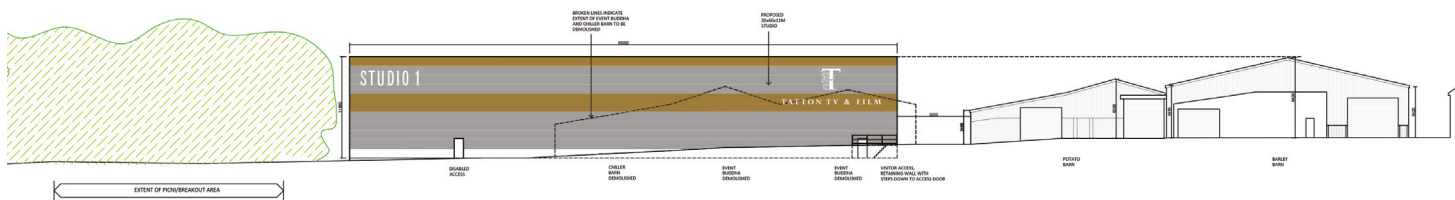

On site you will find...

- 3 Build spaces (7900 sq ft // 8400 sq ft // 3300 sq ft)
- Prop store/workshop (4000 sq ft)
- Green screen (52ft (w) x 20ft (l) x 20ft (h))
- Production offices/Green Rooms
- Unit base hardstanding/parking (60m x 55m)
- 4 Exterior build spaces/parking/showgrounds (16-26 acres per space)

Due to go to planning in 2022 are two new sound studios (4 & 5).

Most recently the home to Tiger Aspect, Sky, CBBC and Fox Searchlight, Tatton Studios offers a picturesque hub from which to base productions big and small, within easy reach from world renowned production hubs.

3 PRODUCTION OFFICES

We can offer spacious and unique production office space across the Estate. Farmhouse, hall, cottage, scout hut, shed...tinker, tailor, soldier, spy. Take your pick! All production offices can be supplied with super-fast broadband, capable of uploading and downloading rushes, supplied by Tatton Tech – please see ‘Other Services’.

AT TATTON STUDIOS:

The North Range (4000 sq ft)

A converted cattle shed with underfloor heating to keep those hooves toasty. Located along the south edge of the main hardstanding, the North Range can accommodate 50 desks. With a fishbowl meeting room and fully equipped kitchen.

Ashley Hall (6400 sq ft)

Split over two floors, this place really is a gem. With large and small rooms to accommodate all departments within your team, the Hall is an inspiring place to base your production. With enough space to house 50 desks and it's got an Aga to boot.

And if this sounds like home to you,
why not base yourself at the creative
workspace at Tatton Studios. Already home
to producers, designers, photographers and
artists, our little community...

“...is one of the most peaceful,
stimulating and creative places to work
from. The opportunity here is amazing.”

PAUL DANSON, FOUNDER OF IMAGINEERING
(and definitely not paid to say those lovely things)

BACKLOT

It's the little things that count. Tatton Studios is not just it's studios. Oh no. There's a whole host of nooks and crannies, hidden gems and the occasional field that we'll let you blow up. Within the same gated site as the studio complex, you will find...

- Walled garden
- Four showgrounds (16-26 acres each)
- Woodland
- Rookery
- Outbuildings
- Houses
- Orchard
- Private roads

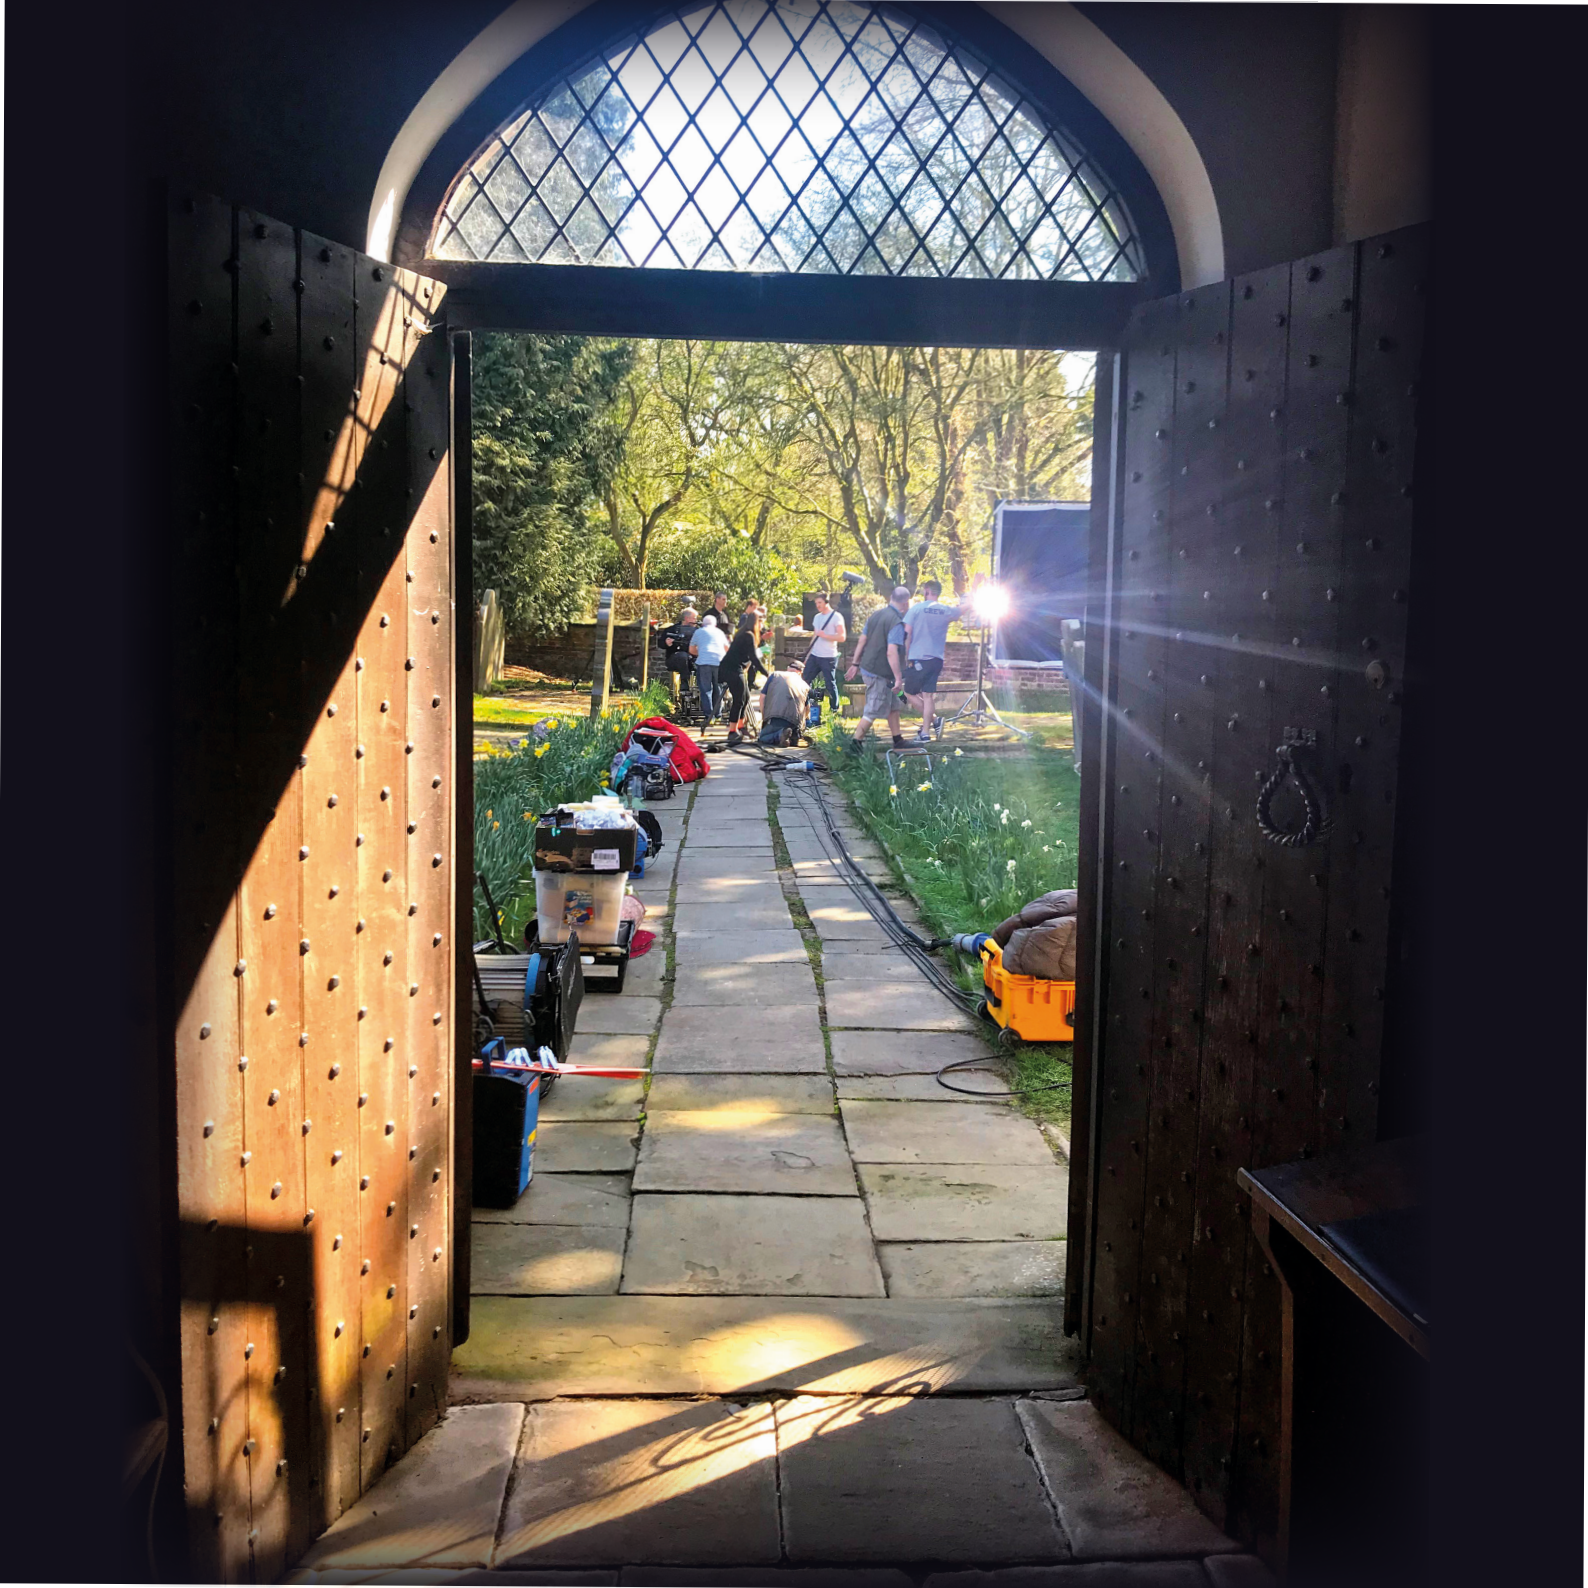

5 LOCATIONS

A house for a Mayor. A bolthole for fugitives. The home of a Shelby. The trenches of The Somme. A kidnapper's farmyard hideaway. We've been them all.

With over 5000 acres, 660 properties and a growing portfolio of third party locations, when we receive a brief we nearly always have the perfect spot. Warehouses to woodland, farms to stately homes. Stables and much, much more.

6 OTHER SERVICES

We're lucky enough to sit alongside some lovely folk that make filming with us even easier.

TATTON TECH

Our in-house tech bods provide superfast broadband across the Estate and beyond. Middle of a field? Easy. Local church? Easy peasy lemon squeezy.

HELIPAD

If a chopper or whirlybird is more your style, then set the sat nav for Tatton Studios and we'll see you on the helipad.

LIVERY

Temporary livery can be supplied across the Estate for when you simply must include a cavalry charge in the opening scene.

FARMERS!

They have the answer to everything and the machine for the job. Available to advice and support, and also livestock supply (which happens more often that you think!).

HARDSTANDING

We also have an enormous hardstanding (35,000 sq ft) that is ideal for unit bases and/or parking. Or for a massive game of British Bulldog.

7 CONTACT US

If you've got a brief or just fancy a look around, please get in touch. We'd love to show you what you can create here!
